 All together 04 proposals for grant of temporary recognition to Sanskrit Colleges were received from Regional Directors of Education for consideration. After detailed discussion the committee allowed all the cases. The list of cases allowed is placed at Annexure-H.

10. General Observations (GOs):
 One general observation (at Sl. xviii & xix) were made by the committee in addition to the seventeen general observations already made earlier (Sl. i to Sl. xvii).

i) Proposals for increase of seats or opening of new stream/course can only be considered after appearance of at least one batch of students in exist stream/course.

ii) Any new teacher/non-teaching staff required for managing/teaching the students on account of increase of seats be funded out of self financing route. The honorarium/remuneration of these teachers should be at par with other teachers in the college. The college management should give an undertaking and affidavit before taking new students. The H.P.C. observed that this should be followed strictly in view of the restrictions of the Finance Department on account of new appointments.

iii) The qualification of I.T. lecturers and Computer Science lecturers shall be MCA and B.E. in I.T. or B.E. in Computer Science or MSc (Comp. Science).

iv) Regarding grant of Temporary Recognition (TR) for back periods, HPC had earlier decided to keep the period as such, but as this is creating problem for the institutions on continuity of Recognition, the HPC felt it necessary to reverse the earlier decision and allow TR for back periods.

v) The college/institution has to produce a certificate from Tahasildar regarding location of land and building owned by the college authority for Permanent recognition.

vi) Permanent recognition would be given in 2-3 years i.e. after passing of one batch of students, if the college fulfills the necessary conditions as provided in the Orissa Education Act, 1969.

vii) Any permission for opening of new colleges, increase of seats, opening of new stream, opening of new subject and opening of Hons. subjects will be considered by May every year. Similarly for grant of recognition (temporary/permanent), the colleges/institutions have to apply by the end of August every year which is to be considered in the month of September/October. Thus there would be two phase of HPC in a year, one for Opening Permission and the second for grant of Recognition.

MCA

- viii) Five subjects are to be allowed for 13 colleges having 64 seats instead of 4 subjects.
- ix) For opening of new subjects/new streams due to restriction by Finance Department, no new faculty can be recruited by the management. They can run it under self-financing mode like I.T. or Computer Science only. If any college is willing to abide by this condition, it can open a new subject/new stream.
- x) Sanskrit as an 'Elective' subject in +2 Science seems to have been included in 2007 vide notification No. 14019/HE dt. 01.03.2007. As the matter is under reconsideration of Government, all matters relating to any college opting for 'Sanskrit' as an Elective subject under +2 Science stream is to be deferred till a decision in the matter is taken by the Government.
- xi) Separation of laboratory between Junior and Degree College is necessary. Similarly improvement of Science laboratory for opening of Honours subject is essential and has to be certified before grant of ITR for any new Honours subject.
- xii) At present, there are 35 Self-Financing +2 Science Junior Colleges functioning in the Municipal limits of Bhubaneswar. It was reported that there are applications for starting 25 more +2 (Junior) Residential Science Colleges in and around Bhubaneswar. As there are a large no. of vacant seats in existing Residential Colleges and as starting of 25 new Colleges would require a large number of trained teachers/Lecturers, the committee felt that giving opening permission to such large number of Junior Science Colleges would not be in the interest of education. Secondly, there seems to be no felt need to start so many new Junior Colleges in the Capital City when feeder High Schools are limited.
- xiii) The HPC observes that in the interest of students and their future, the colleges should have separate land recorded in their name as per provisions of O.E. Act, 1969. Some colleges are taking the plea that the Educational Agency (EA) has got the land but it is seen that the same EA is operating more than one educational institution over the same plot of land. So for the interest of the students one year time is allowed (till 30.06.2010) to all EAs to record separate land in the name of the college/institution falling which no further recognition shall be allowed to the EA. The concerned EA should file an affidavit before the PA to that effect after which conditional recognition shall be accorded in favour of these colleges/institutions.
- xiv) It is decided to accord permission to professional colleges either with minimum permission of 60 seats if one course is permitted to open or with minimum of 30 seats each if two courses are permitted to open to make the colleges viable.

xv) Permission for opening of Honours subject would be given to a college, which has M.Phil/Ph.D. qualified teachers having completed minimum 02 years of service in that college.

xvi) For grant of permanent recognition in increase of seats, opening of new Honours subjects, enrolment of at least 3 years for +2 & 4 years for +3, pass out of at least two batches; creation of additional infrastructure and appointment of required faculty will be the criteria for consideration. P.As may recommend individual cases accordingly.

xvii) Those who do not apply for First Temporary Recognition/Renewal of Temporary Recognition, the EA be asked to show cause as to why the permission to run the College/Stream/new subject/Honours/extension of seat etc, as the case may be, shall not be withdrawn. For this, the P.A. should maintain a Register as per College Code so as to cover all Colleges.

xviii) Regarding special permission for appearing at the examinations of Council and University, the concerned EA/Colleges are to approach both PA and the concerned University or Council of Higher Secondary Education as the case may be at least one month prior to commencement of examination for getting clearance/recommendation of PA and University/CHSE. The recommendation of PA and University/CHSE must reach the Government at least 15 days before the scheduled date of examination for considering special permission. This decision is to be widely circulated in media for information of all concerned.

xix) The EA which has been permitted to open one institution should first stabilize it by getting Permanent Recognition before applying for another institution i.e. one who is running +2 Science College should stabilize it before going for a Professional College and vice versa.
