PROCEEDINGS OF THE HIGH-POWER COMMITTEE MEETING
HELD ON 11.06.2025 & 12.06.2025 AT 3.30 P.M.

A meeting of the High-Power Committee was held on 11th June 2025 & 12.06.2025 at 3:30 P.M. in hybrid mode, under the chairmanship of the Commissioner-cum-Secretary to the Government, Higher Education Department.

The agenda of the meeting was to review and consider various proposals and inspection reports submitted through the HPC portal by the Prescribed Authorities. These proposals included requests from Educational Agencies, Non-Government Colleges, and Professional Colleges seeking permission and recognition under Sections 5 and 6 of the Orissa Education Act, 1969

The list of members who attended the meeting through virtual and offline mode is appended in **Annexure-1**.

The Commissioner-cum-Secretary to Government-cum-Chairman of the HPC extended a warm welcome to all committee members. The Additional Secretary to Government-cum-Convener then outlined the meeting's agenda and objectives. Following comprehensive discussions, the committee unanimously adopted the following decisions and the conditions to be fulfilled before final issue of approval by the prescribed authorities:-

1. Regulatory Body Approvals for Professional Courses:

No college, regardless of prior or current permission, shall admit students into courses requiring affiliation with a regulatory body (e.g., BBA, BCA, BMS, MBA, MCA, IMBA, IMCA, Law courses, etc). This includes, but is not limited to, courses requiring approval from the **All-India Council for Technical Education (AICTE)**, the **Bar Council of India (BCI)**, or other applicable regulatory bodies as applicable. The Colleges must ensure all necessary approvals for the concerned courses are secured **before the commencement of the admission process**. Concerned Regional Directors of Education (RDEs) are to ensure strict compliance.

2. Implementation of Higher Education Information Management System (HIMS):

All Colleges (excluding professional colleges) who are granted permission for new colleges, new courses, or increased student strength etc. during the present HPC meeting are mandated to **implement all modules of HIMS** and upload all historical data relating to existing facilities onto the HIMS portal including GB resolutions since inception, acquittance rolls since inception, attendance of all aided or unaided employees and all office orders issued by the institution from time to time since inception(details of modules are annexed separately).

The Prescribed Authority will issue permission orders only upon **100% implementation of the HIMS module** designated for colleges, confirmed by the Director, Higher Education. Non-compliance with HIMS implementation will result in the denial of permission, even if approved by the HPC, until full compliance is achieved.

3. Self-Financing Mode and Non-Claim for Government Aid:

All such colleges shall submit a **duly sworn affidavit executed before an Executive Magistrate**, affirming that the institution will operate all permitted courses solely on a **self-financing basis**. The affidavit must also state that the institution or its employees will never claim any financial assistance or grant-in-aid from the government in the future in any form, nor will it seek permission to convert from self-financing to regular mode. Furthermore, the institution shall undertake not to exert any undue pressure from any source for this purpose.

In case of any necessity for engagement under the self-financing mode, it should be done through a proper advertisement in at least 2 widely circulated daily newspapers(one in odia and another in English) in a prominent and conspicuous place. Every advertisement for these courses must **clearly state that all posts are self-financing** and will not receive any financial assistance or grant from the Government. Additionally, an affidavit shall be collected from every participating candidate, confirming their full awareness that the position is entirely self-financed and that, having understood this fact, they applied for the post and will not seek any support or grant-in-aid from the Government in any form or manner in future. This is also subject to the Government's decision as per letter No.15219/HE, dated 23.05.2018.

4. Engagement of Management Staff through digital process:

For colleges (other than professional colleges) including aided or unaided who are permitted during the present HPC to open new colleges, new streams or subject / courses, or increase of seats etc (UG or PG or both), any hiring of management staff shall be conducted **digitally**, from advertisement to the issuance of the hiring order along with the newspaper publication as stated above. To facilitate this digital engagement, the Department of Higher Education (DHE) may extend HIMS portal recruitment module to such institutions at a cost, to be fixed from time to time, for this purpose.

Every advertisement, engagement letter, or digital platform utilized must **explicitly state that no demand for financial assistance or grant-in-aid will be made in the future**, along with the aforementioned affidavit requirement. A duly sworn affidavit before the Executive Magistrate by all engaged employees must be collected, deposited with the RDE, and uploaded to the HIMS portal.

5. Facilities Verification as per NEP-2020:

Henceforth, the Prescribed Authority/Inspecting Authority must **verify the availability and adequacy of facilities for both core and non-core subjects** in colleges, in accordance with **NEP-2020 norms**, before recommending the grant of permission.

6. Public Objections and Financial Verification for Institutional Changes:

In cases of proposals for change of name, location, ownership, trust, or closure, etc, the Prescribed Authority shall **call for objections from the public at the institution's expense**. This will be done by publishing a 30-day notice in at least

two widely circulated daily newspapers within a stipulated time. Objections received must be duly considered by the prescribed authority before making any recommendations or decisions on such proposals.

Additionally, the Prescribed Authority shall **verify any pending loans or liabilities** against the college before recommending such proposals. The Higher Education Institution (HEI) must submit either a **No Objection Certificate (NOC) from the financing bank or institution**, or in the absence of a bank loan, a **duly sworn affidavit affirming the non-availability of any loan**.

7. Standard Operating Procedure (SOP) for Institutional Changes:

A **standard SOP and guidelines will be prepared for changes of ownership and shifting of colleges**, which shall be strictly complied with when considering applications for such purposes.

8. HIMS Module for Digital Faculty Engagement:

The Government in the Higher Education Department (HED) will facilitate the development of a **dedicated module in HIMS to support smooth digital engagement of faculty in colleges on a payment basis**. HEIs must ensure that there is no misuse of such facility provided by the Govt and in case of any deviation, the institution and its authorities are liable for severe penal action as decided by the HED. The use of this digital platform will not confer any authority or right to any individual to claim financial assistance or a grant, and the Government bears no responsibility for such claims. This must be clearly reflected in the portal and an explicit consent of applying candidates must be obtained.

Colleges shall utilize this module for digital advertisements, application acceptance, evaluation, and the issuance of engagement letters and hiring of faculty by paying a **nominal annual service fee** to be determined by the department periodically.

9. Closure of Underperforming Colleges/Courses:

The Prescribed Authority shall **identify and recommend for closure** colleges or specific courses where student intake has remained consistently low, or seats have been lying vacant for the last three to four academic years.
